Subject: Message from the Secretary of the Cabinet: OPS Return to 5 Days Per Week In-Office Standard

August 14, 2025

MEMORANDUM TO: All OPS Staff

SUBJECT: OPS Return to 5 Days Per Week In-Office Standard

The President of the Treasury Board, along with the Public Service Commission, have determined that the Ontario Public Service (OPS) will be returning to a five (5) days per week in-office standard. This decision is in line with an increasing number of organizations across the public and private sectors.

Based on the nature of their work, over half of OPS employees are already required to attend the workplace full-time. Starting on **October 20, 2025**, employees who have been attending the workplace for a minimum of three (3) days per week under previous guidance will increase their attendance to four (4) days per week as part of a gradual transition period to the full-time, in-office standard effective **January 5, 2026**.

Our return to five days in-office per week will be guided by our commitment to flexibility, respect for collective agreements and in alignment with the Ontario Human Rights Code.

What's Next

I know that many of you will have questions, and your leaders are here to support you through this transition period. In mid-September, further information and an updated frequently asked questions will be shared. In the interim, I encourage you to talk to your leaders and coordinate with your teams to start planning for a smooth transition.

The OPS continues to demonstrate service excellence as we serve more than 16 million people in this province. I want to thank each of you for your continued commitment to Ontario.

Sincerely,

Michelle E. DiEmanuele
Secretary of the Cabinet
Head of the Ontario Public Service
